18 gauge
thread

Dipped in PU

Chromium free

Properties

Seamless knitted glove in Jonnyma® thread that is remarkably supple. Knitted in 18 gauge, making this an extremely thin glove. Provides cut resistance level 2. Coated in black PU in the palm and over the fingertips. The glove provides a very good grip and can be used for all types of precision work. The glove is silicone-free, solvent-free and leaves no fingerprints.

Material information

The gloves are knitted in "18 Gauge" machines which means 18 meshes / inch. The glove is sewn in Jonnyma® fiber and dipped in PU.

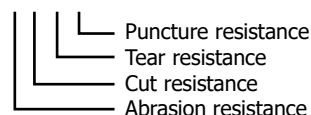

Technical facts: Intermediate design (category 2)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN 388 test methods and certified by a notified body. The testing is done for abrasion, cut, tear and puncture resistance. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4 and puncture resistance 4. Evaluate the importance of each of the properties and how it applies to you as a user.
