

Lace

Art no. **AD-98**

Size: 7-11
Material: Bamboo/polyester, Nitril
Packaging: 12/144

Washable

Palm dipped

Oil resistant

Chromium free

13 gauge thread

Dipped in Nitrile

Properties

Seamless knitted glove made of bamboo/polyester fibre, coated in nitrile in the palm and over the fingertips. The bamboo fibre has unique properties such as softness, breathability, it's washable and it is naturally anti bacterial. In combination with polyester this glove has great durability. Thanks to the knitting technique and nitrile coating this glove has an extreme grip that works well in precision work.

Material information

The gloves are knitted in "13 Gauge" machines which means 13 meshes / inch. The thread is in bamboo / polyester. The glove is dipped in nitrile.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P. Evaluate the importance of each of the properties and how it applies to you as a user.
