

## Driver winter

Art no. **FV-799**

**Size: 8-11**

**Material: Sheep leather**

**Packaging: 12/120**

Sheep  
leather

## Properties

Flexible assembly glove in full sheepskin leather with a warm and soft fleece lining. The thin sheepskin leather is extremely soft and supple with superior fingertip sensitivity. Slip on style. Elastic seam at the wrist for a safer fit. A precision glove for winter use.

## Material information

The gloves are sewn in sheepskin.

## Technical data

The CE standard EN 420 defines general requirements for protective gloves. This means that this standard sets out general requirements such as: suitability, design, product information, sizes, chromium content (max 2 mg Chromium VI per kg) and pH value in the range of 3.5-9.5
