

## Mauris

Art no **GV-1020**

**Sizes: 8-12**  
**Materials: Goatskin, Cotton, Fleece**  
**Package: 6/60**

Goat skin

Winter lining

Light reflective material

## Properties

Classic winter glove made from durable goatskin, lined with a fleece lining. Even the collar is lined for increased comfort. The lining is PVC coated to extend the life of the glove and to keep the hands dry longer. The glove is ideal for the medium to heavy industry with high demands on wear resistance on heavy duty gloves.

## Material information

Sewn in goat skin with upper hand and cuff in cotton. Lining with PVC coated fleece.

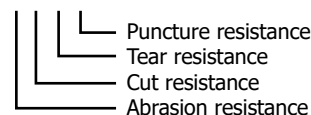

## Technical facts: Intermediate design (category 2)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN 388 test methods and certified by a notified body. The testing is done for abrasion, cut, tear and puncture resistance. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4 and puncture resistance 4. Evaluate the importance of each of the properties and how it applies to you as a user.
