

Mechanp

Art no: HV-PE303

Art no:	HV-PE303
Size:	7-12
Materials:	Polyester, PU
Packaging:	12/120
Standard:	EN420, EN388:2016
Category:	II

Properties

Thin and extremely light knitted glove in white polyester. Very comfortable even at all day use. Thin white PU coating in the palm and up over the fingertips with high abrasion resistance. The coating gives a good grip and excellent tactile sensitivity for precision work. The white color also makes the glove suitable to use for painting.

Material information

Thin knitted glove in white polyester. Dipped in white PU.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved.

Evaluate the importance of each of the properties and how it applies to you as a user.
