## Properties

Assembly glove in full grain goatskin leather in the palm with a full index finger and fingertip reinforcements. Upper hand in ribbed 100% cotton. Elastic cuff with a sturdy velcro lock. Suitable for simple welding tasks. The glove is an excellent choice for all types of assembly, warehouse, order picking jobs, etc.

## Material information

The gloves are sewn in Goat grain leather, with upper hand in ribbed 100% cotton. Velcro strap.

## Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved. Evaluate the importance of each of the properties and how it applies to you as a user.
