Goat skin

## Properties

Assembly glove made from soft and supple goat split with black nylon on the upper hand. Elastic band at the wrist on the upper hand for a better fit. A very versatile glove excellent for all types of assembly, warehouse and order picking operations. A favourite among many professional workers in Sweden.

## Material information

The glove is sewn in goat split leather in the palm. Upper hand in nylon fabric.

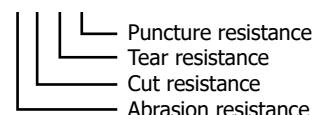

## Technical facts: Intermediate design (category 2)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN 388 test methods and certified by a notified body. The testing is done for abrasion, cut, tear and puncture resistance. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4 and puncture resistance 4. Evaluate the importance of each of the properties and how it applies to you as a user.
