Properties

Assembly glove in full grain goatskin leather with black nylon on the upper hand is extremely thin and flexible. Elastic wrist band for a better fit. The glove is an excellent choice for all kinds of assembly, warehouse and order picking jobs. A favourite among many professional workers.

Material information

The gloves are sewn in Goatskin, Nylon.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P if approved.

Evaluate the importance of each of the properties and how it applies to you as a user.

How to read the pictogram:

EN388:2016

abcdef

Abrasion resistance	4
Cut resistance	5
Tear resistance	4
Puncture resistance	4
Extended cut resistance	F
Impact protection (optional)	P
