

Flash Velcro

Art no **PRV-750**

Sizes: 7-11

Materials: PU, Polyester, Fleece, M-Tex™

Package: 12/120

Chrome free PU dipped

Synthetic leather

Waterproof membrane

Properties

Assembly winter gloves with a ribbed PU palm. Full index finger and thumb and fingertip reinforcements in PU for increased durability. Double stitching at exposed areas to wear and tear. The upper hand in high quality, elastic polyester. Piping and details in elastic fluorescent fabric. Fully lined with a warm and comfortable fleece lining. M-tex™ membrane between the lining and the outer material. The membrane makes the glove wind and waterproof but provides excellent breathability for warm and dry hands. Sturdy Velcro strap on an elastic wristband for a snugger and safer fit.

Material information

Sewn in PU with ribbed PU in the palm. Upperhand stitched in polyester. Lining in fleece with M-tex™ membrane between the lining and outer material.

Technical facts: Intermediate design (category II)

For areas of specific risks, i.e. mechanical risks. These products will have been CE type tested against European EN388:2016 test methods and certified by a notified body. The testing is done for abrasion resistance, cut resistance, tear resistance, puncture resistance, extended cut resistance and impact protection. The maximum score for each level are; abrasion 4, cut resistance 5, tear resistance 4, puncture resistance 4, extended cut resistance F (X if not applicable) and impact protection (optional test) P. Evaluate the importance of each of the properties and how it applies to you as a user.
